

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obsolete Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because some-thing more than a mere tonic is required. S. S. S. goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Millersville, Pa., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began my treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S., nothing can take its place. Books on blood diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

Cheap Shingles.

The word "cheap" has two meanings, it may mean "cheap" quality, or "cheap" price. When I use the word it applies to the price. That's not egotism—it's business. I've built up the biggest shingle business in this section of the country just by sticking to

Highest Grades and Lowest Prices.

And I could not have done that if I had used the word "cheap" carelessly. Of course I sell some low-grade shingles, but even on them, the price is "cheap," same as on the higher grades.

HERE ARE THE PRICES:

Common grades, 5-in. dimension Cypress Shingles \$1.75 per 1,000.
No. 1 Yellow Poplar Shingles \$2.10 per 1,000.
Best Star A Star White Cedar Shingles \$2.85 per 1,000.
Best Red Cedar Shingles \$3.10 per 1,000.

Grade for grade, these prices cannot be equalled. My Cedar Shingles, I guarantee not to crack, warp, or curl up at the butts. When put on a roof, they lay flat, and stay that way. They make the best roof. When you want any amount of any kind of shingles and want them at the lowest prices, call and see me about it. Write if you can't call.

The Boer as a Fighter.

The world since the Boer war of 1881 has formed a very high estimate of Boer skill with the rifle. The fact is, that the Boer is a fair shot, thoroughly familiar with his weapon, with the horse he rides, and with the country in which he fights.

The Boer's strong point is his mobility. He can ride to a chosen spot, dismount and drop his reins, fire a half-dozen shots, mount again, and go on to a fresh position. His horse is trained to "stand in the veldt," where ever he is left. His commissariat is of the simplest. A chunk of biltong in his pocket will supply many meals for himself, and the grasses of the veldt give abundant forage for his horse. His skill with the rifle has been acquired in pursuit of large herds of antelope. But he knows nothing of the finer skill of the deer stalker. His favorite mark is a herd of two or three hundred blesbok. I have seen a Boer refuse to fire at a single animal, on the ground of a too probable waste of ammunition.

The Boer has not been without his uses in the world-scheme of civilization. Like the American backwoodsman, he has blazed the way for the march of progress. His bold and restless spirit has pointed out a path to the crowding nations of the old world. His has been the privations, his the toil, and his the peril. But his function is at an end; civilization presses at his heels; the land from which he drove out the Kaffir calls for a denser population. He must submit to absorption or perish. For the present he refuses to be absorbed. Mene, mene, tekel upharsin—"The Boer War of 1881," by an English Officer Who fought in it, in January Forum.

Theological Education Defects.

The criticism is persistently made in various quarters to the effect that theological education is in some respects defective, that it does not meet the demands which are made upon the clergyman of modern times. It is claimed that the progress made in the theological seminary cannot compare with the advances in the plan and scope of the work undertaken by the schools of the liberal professions. It is, indeed, vigorously asserted that the ideals of research and intellectual industry which have been developed in the graduate courses of the best universities have affected the divinity school less than any other department of study; so that much remains to be done before the school

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Koot, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Koot, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
